But one day, one of the guardians betrayed the rest of the guardians her name was Yami Aiko she teamed up and controlled all of the evil teams of each region. Her plan is to control Arceus with her legendary Pokemon Darkai can anyone stop her. Now let's meet the the one of many protagonist in this story and his name is Ayo Uchiwa he's the grandson of Sir Nora. Today is his sixteenth birthday which means he gets a starter Pokemon for his region professor.<em>

"Finally I'm able to get my starter pokemon I wonder what i should get maybe a Snivy,Oshawatt, and or a Tepig". Ayo was in a joyous mood because he was getting his first pokemon he was outside his house thinking. "Well standing here isn't going to do anything", he starts walking towards Professor Juniper's house. "Hello Ayo, you're here pretty early it is because you want your starter pokemon that

badly". "You know it", "well here they are". She brought three pokeballs and opened them to first reveal a grass snake that looked really strong and was really cocky about it's power, the next one was a shy sea otter with a shell on its bellow, and the last one was a calm and a sincere fire pig that came out.

><p>"So Ayo these are your pick so which one are you going to pick"? "Hey dude get out of my way, I pick Snivy as my starter because he's cool and awesome too look at" said a trainer wearing black jacket and red and white cargo pants, he had a baseball cap with a blue and black on it with a pokeball in the middle. He had a one strap backpack on his left side, "Kichirou didn't i tell you to wait he was here first and we weren't so slow down". It was a girl that had opposes colors of Kichirou she was wearing a white jean jacket with a dark blue t-shirt under it with a pokeball in the middle, she had ripped jean shorts and the shorts were blood red color.<p>

"Wow she is beautiful if she as nice as she seems", "sorry for anything he caused", "it's ok so who are you"? "My name is Yukiko Kazue and his name is Kichirou Nobuyuki". "Good everyone is here" said Professor Juniper. "So Kichirou you wanted Snivy if i remember here's its Pokeball and five other Pokeballs to catch other pokemon and you can't forget your Pokedex". "What's a Pokedex"? Ayo said pointing at the Pokedex. "Ayo that's a Pokedex it shows what pokemon you have caught and/or seen".

\* \* \*

><p>Kichirou open his Dex and pointed it at Snivy, "This Pokedex belongs to Kichirou Nobuyuki, he has no gym badges and this Snivy knows Leer, Leaf tornado, Tackle, and Growth". "Also his Snivy has a Hasty nature", "cool come on Yukiko get your starter pokemon so we can hit the road and you next time I see Ayo we will have a pokemon battle". Kichirou ran out the professor lab, " he's always like this again sorry about what happened so can please get my pokemon before he runs off", " go right ahead". Professor I would like Oshawatt as my partner", "here you go" she gave Yukiko the same things she gave Kichirou.<p>

Yukiko open her Dex and pointed it at Oshawatt, "This Pokedex belongs to Yukiko Kazue, she has no gym badges and your Oshawatt knows Tackle, Tail Whip, Water Gun and Focus Energy and it has a Gentle nature". " Here Ayo take this, it was nice to meet you", she gave him her number. "Bye Yukiko", with love in his heart he wanted to meet her again, she ran out the left with Kichirou. " So Ayo looks like Tepig is yours", "it seems so", he walked up to Tepig and put out his hand for a fist bump and

>Tepig did a fist bump back Professor Juniper gave Ayo Tepig's pokeball and five other pokeballs and pokedex. "Ayo now that you have a pokemon you can be a Guardian trainer like your grandfather so the first thing you should do is collect eighth gym badges then fight the Elite Four and champion".<p>

\* \* \*

><p>"I will now since i have Tepig here to help me, lets see what moves you know", Ayo open his Pokedex and pointed it at Tepig, "This Pokedex belongs to Ayo Uchiwa, he has no gym badges and your Tepig

knows Flamethrower, Flame Charge, Tackle, and Defense Curl and it has a Calm nature". "Wow Flamethrower you're a special Tepig I'll name you Vulcan", Vulcan nodded his head. "Bye Professor Juniper, Vulcan we need to stop at my house for one last birthday present".<p>

10 minutes later...

"We finally made it", he opened a wrapped box present, there was a glove inside and on the back of the glove was a crystal sphere stone and a note.

\*\*\_"Ayo this is for you, when you find your legendary pokemon the glove will glow". "Remember to treat your pokemon like family because they are". "I'm glad to be your father so take care son".-DAD\_\*\*

"Dad I'll make you proud just you watch". He ran out to the first route to catch his first pokemon. A pokemon with blueish toyish body with a yellow ring around its neck, its long black legs, and had light blue tail, body and arms with white oval circles on the back of its paws and had a black mask with white outlines and one eye had black pupil while the other had dark grey mixed with blood red pupil. "Wow what kind of pokemon are you and why is my glove glowing"? "You must be my legendary pokemon I have to catch".

\* \* \*

><p><em>"My name is Riolu the Emanation Pokemon and I'm talking to you through telepathy and I wish to challenge you Ayo and if you win I'll join your party and if you can't beat me then I will be taking that glove". "Call this a test of strength so let's"<em> "battle" said both of them in unison, Riolu ran and kept hitting Tepig with his paws. "Vulcan dodge his attacks and use Tackle", Vulcan moved backed and kept charging at Riolu but Riolu only took the hits. \_"My turn", \_he dodge Vulcan's last Tackle and used Bide which released all the damage it took from Vulcan's Tackle and which was a lot, Riolu pounded Vulcan to the ground with it's paws. "So that's why you stood there and took all those hits of Vulcan's Tackle, so you could Bide five times stronger".

"I knew you were planning something like this so me and Vulcan have something in store for you", \_ "which is"?\_ Vulcan's Special Ability activates Blaze, powers up Fire-type moves when my pokemon is in trouble". Vulcan's body was surrounded by fire, his eyes glow red and had flames in them, "this is good for us because his Flamethrower is stronger". "Now unleash your most powerful Flamethrower", Vulcan releases a red-orange stream of fire from its mouth that swirls at the Riolu, they covered and Riolu was on the ground weakened. \_"You and Vulcan are really strong if I come with you I can be strong as you guys but I am a pokemon of my word I will join your party", \_ Riolu went up and took one of Ayo's pokeball and tapped on the center of the pokeball and it opened, then a red flash surrounded and shrunk Riolu then the pokeball close and shook three times and it rested still for a few seconds.

\* \* \*

><p><em>"Ayo since you caught me, you are now an Aura Guardian, now you can use the aura you can even teach Vulcan to use Telepathy if you want to". "Really who do I do that"? "I'll tell you tomorrow I'm tired so I'm calling it a<em> day".

## 2. I am an Aura Guardian

\*\*"Pokemon Guardian Adventure\*\*

\*\*Chapter 2: I'm going to be an Aura Guardian\*\*

\*\*Disclaimer: I don't own any Pokemon rights\*\*

*\_Italics- pokemon and Ayo are using telepathy\_*

\* \* \*

><p>"What else can an Aura Guardian do"? Ayo asked <em>"First you need to learn how to teach telepathy to your pokemon like Vulcan so you don't have to be shouting out moves you could just send it mentally and this is how you make a bond with all of your pokemon, it's pretty simple all you have to do is focus all the A<em>\_ura around you then you transfer it too \_\_Vulcan" \_Riolu said.\_ "With that glove you cad focus Aura more easily and you can do more things with Aura" \_Riolu stating\_. \_"Ok let's try this" Ayo raised his left hand in the air and close his eyes, wind started flowing into the glove and the stone on the back turned blue,Ayo could feel the Aura in his hand.

"So this is Aura, now all all I have to do is transfer the Aura to Vulcan" Ayo trying not to mess this up. The blue Aura turned into Fire red then Vulcan absorb it threw his nostrils."Te~pig", blasted a fireball from it's mouth.\_" Hi Trainer Ayo thank you for picking me and thank you for giving me the ability of Telepathy"\_ said Vulcan. \_"So this is Riley \_\_the Emanation Pokemon, he's a Riolu but I gave him a name just like so do you like it Riley"? \_Ayo asked "It's a fine name", " how did you know my name in the first place"? Ayo asked.

\* \* \*

><p><em>"My Mother Hiroko was your father's legendary pokemon she told me lots of stories about her and your dad", "cool and Vulcan it's time for all of us to train" <em>Ayo said happily\_. "Yeah we need to be strong for the first gymleader" Ayo said. "Ok then let's do it" \_Vulcan said\_, "it's settle let's go and train"!\_ Riolu said

3 hours later...

"Good job guys we actually did" Ayo said. "Riley learned Aura Sphere and Copycat and Vulcan learned Ember and Rollout " Ayo was remember the moves they learnt. "Let's go t the pokemon center and rest for the night" Ayo said. "Yeah Ayo T'm tir~ed " Vulcan and Riley went to sleep.

5 minutes later...

"We're here for a room" Ayo told the Nurse Joy. "Ok I will take your pokemon for to go and heal them" said Nurse Joy."Goodnight~th~en" as Ayo was dozing off while he was walking away.

\* \* \*

><p>"So let's see what we have here", she opened the pokeballs and found Riley and Vulcan sleeping. "Oooo lalala what do we have here, a Tepig and a Riolu". "I wonder how the bosses are going to feel about this". She then went to a computerphone and she called "the bosses". "Hello Nurse Joy of Accumla Town, do you need something" said a old man silhouette. "Well I have stolen a Tepig and a Riolu from a trainer". "Good job we will have it picked up by tomorrow morning".<p>

"I will see you then,Nurse Joy of Accumla Town signing off". "Giovanni do you really think that will work" said a man wearing all blue pirate like clothes. "Yes it will because I will send over my two best henchmen over there" said Giovanni. "Archie just believe in him if he messes up she will deal with him" said a man wearing all red, and a scientist labcoat.

\* \* \*

><p>"Shut up Maxie you know you shouldn't mention her name unless you have something really important to say to her". "Will both of you be quiet"! said a man wearing a gray astronaut jacket with black out and he was wearing black pants. "You too are very annoying, why can't you get along for once"? said the same man . "Giovanni you have a 32.2 chance that this might work, and to answer your question Cyrus both of them are stupid I mean trying to create more land and more oceans" said a man holding a tablet with a lab coat on with blue crescent moon hair.<p>

"Play nice Colress this isn't the the time to be fighting" said and older man who looked like a king with eyes on his forward cape. "Ghetsis I'm only being honest", "I know your are but we have to work together if we want to accomplish are separate goals and if we don't work as a team she will punish all of us".

\* \* \*

><p>Next day...<p>

" I feel rested now time to get my pokemon back". By the time Ayo go to the main desk no one was there. "Where's my pokemon"? Ayo heard noises outside then he ran outside to see what all the ruckus was all about. "Hey you where's my pokemon"? "Hmph", " prepare for trouble" said a boy teenagerwith a red baseball cap on with a pokeball in the middle ,wearing a t-shirt with red and white on it with black sleeves with a pokeball backpack and he was wearing jeans.

"Make it double" said a girl teenager with a red bow in her hair, wearing a red singlet and dark blue shorts and yellow shoes. "Hey Red don't you think this motto is long and stupid". "... Ok this time we won't finish it, Ayo were taking your pokemon and giving it too" " the bosses".

\* \* \*

><p>"Give them back Red and May" ! said Kichirou. "Kichirou what are you doing here"? Ayo asked. "Kichirou I told you to wait for me" Yukiko said. "That sounds like Yukiko", " hi Ayo we saw you running outside so we thought something must be up, so I'm guessing those too stole your pokemon".<p>

She was pointing at Red and May. "May let's get they ruined the party" Red said. "But what about the pokemon", "we could beat them in a pokemon battle with ease". "So let the pokemon go", "alright but I'm not getting in trouble for this" May said in a concern tone.

\* \* \*

><p>May threw Ayo's pokeballs at him , Ayo checked to see if they were alright, they were both still sleeping. "Good their safe" Ayo said with a sigh. "Hey you three go get stronger so you challenge the your first gym leader with ease , I thinkAyo you should fight Elesa the electric gym leader".<p>

"Train your pokemon ,then collect 8 gym badges because you three especially you, Aura Guardian has something waiting there for you" Red said it like it was a warning. He was pointing at Ayo, he knew what he had what he was even knew what kind of powers he had then they vanished without a trace.

\* \* \*

><p>"Ayo what did he mean by Aura Guardian"? Yukiko asked. "Ummm I will tell you later but not now"Ayo said. "So Ayo how many pokemon do you have"? Kichirou asked. " I only have two pokemon", "really well I caught four pokemon" Kichirou said in a gloating manner. "So Elesa get ready to battle me because I'm going to win that gym badge<p>
